March 2016

Dear Parent/Carer,

It has been some years since we reviewed our Homework Policy and we would like to revisit this next term. In order to help us review our policy we would very much like to know your views and thoughts on this subject so that we can formulate a policy that best fits our school.

We know that homework is always a controversial issue however the current OFSTED guidance states that in Outstanding schools:

'Teachers set challenging homework, in line with the school's policy and as appropriate for the age and stage of the pupils, that consolidates learning, deepens understanding and prepares pupils very well for work to come.'

Please would you spend just a few minutes to consider the statements overleaf and indicate whether you agree or disagree. We have also provided spaces for additional comments that you believe may be helpful to our decision making process. The form should be returned to school by Tuesday 12th April.

We hope our revised Homework policy will reflect the learning support that we give our children and also the valued views of our parents and children.

Thank you for your help and continued support.

Best wishes,

Liz Orland
Headteacher
