

2016-17	Exploration		Enterprise		The Esk Valley	
	KS1	KS2	KS1	KS2	KS1	KS2
English	We follow the EVA scheme of work for sentence, punctuation and grammar work according to the year groups and abilities of the children. Text work is linked to the topic and varies term on term, see medium term planning held in school. For Phonics and Spelling we use a scheme called Read Write Inc. across the school. Our predominant reading scheme is Oxford Reading Tree.					
Maths	KS1 Singapore Maths (on trial) and Abacus (supplementing) KS2 Abacus and NYCC Mixed Age Planning with Mastery Abacus is an online scheme of work for Mathematics					
Science Working Scientifically Types of enquiry	<p>The national curriculum for science aims to ensure that all pupils: Develop understanding of the nature, processes and methods of science through different types of science enquiries that help them to answer scientific questions about the world around them. Will learn to use a variety of approaches to answer relevant scientific questions.</p> <p>These types of scientific enquiry should include:</p> <ul style="list-style-type: none"> • Observing over time • Pattern seeking • Identifying, classifying and grouping • Comparative and fair testing • Research using secondary sources 					
Science	Materials	Light	Animals	Sound	Living things and their habitats	Living things and their habitats
History	Key individuals ♣ Significant local people ♣ lives of significant historical figures, including comparisons of those from different periods	♣ a non-European society that provides contrasts with British history – one study chosen from: early Islamic civilization, including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300			Key concepts ♣ changes in living memory linked to aspects of national life where appropriate) Key individuals ♣ Significant local people	Broader History Study A local history study, e.g. ♣ a depth study linked to a studied period ♣ a study over a period of time ♣ a post- 1066 study of relevant local history
Geography	Name and locate the world's seven continents and five oceans Compare local area to a non-European country Use basic geographical vocabulary to refer to local and familiar features Use basic geographical vocabulary to refer to: key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather	Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities Understand biomes, vegetation belts, land use, economic activity, distribution of resources etc. Understand geographical similarities and differences through the study of human and physical geography of a region within North or South America	Name and locate the world's seven continents and five oceans Use basic geographical vocabulary to refer to: key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles	Locate the world's countries, using maps to focus on Europe (including the location of Russia) Locate the world's countries, using maps to focus on North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities Describe and understand key aspects of: Human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water	Name and locate the world's seven continents and five oceans Geographical skills and fieldwork. Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles	Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country Describe and understand climate, rivers, mountains, volcanos, earthquakes, water cycle, settlements, trade links etc. Geographical skills and fieldwork.

Geographical skills and fieldwork Skills to be taught over course of key stage	KS1 Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage Use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key Use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.			KS2 Use fieldwork to observe, measure and record Use fieldwork to record and explain areas Use 8 points of compass, symbols and keys Used 4 and 6 figure grid references on OS maps Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world.		
Art	Drawing	Drawing	Painting	Painting	Sculpture	Sculpture
DT Skills to be taught over course of key stage	KS1 Design purposeful, functional and appealing products Generate, model and communicate ideas Use a range of tools and materials to complete practical tasks Evaluate existing products and own ideas			KS2 Use research and criteria to develop products which are fit for purpose Use annotated sketches and prototypes to explain ideas Evaluate existing products and improve own work		
DT	Build structures, exploring how they can be made stronger, stiffer and more stable	Understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages]	Understand seasonality; prepare and cook mainly savoury dishes	Understand where food comes from Cook savoury dishes, for a healthy and varied diet	Build and improve structures and mechanisms	Use mechanical and electrical systems in own products, including programming.
Computing Skills to be taught over course of key stage	KS1 Understand use of algorithms Write and test simple programs Use logical reasoning to make predictions# Organize, store, retrieve and manipulate data Communicate online safety and respect Recognize use of IT outside of school			LKS2 Design and write programs to achieve specific goals, including solving problems Use logical reasoning Understand computer networks Use internet safely and appropriately Collect and present data appropriately		UKS2 Design and write programs to solve problems Use sequences, repetition, inputs, variables and output in programs Detect and correct errors in programs Understand uses of networks for collaboration and communication Be disconcerting in evaluating digital content
MFL	NYCC Scheme of Work for French					
Music Skills to be taught over course of key stage	Sing songs Play tuned and untuned instruments musically Listen to and understand live and recorded music Make and combine sounds musically			Use voice and instruments with increasing accuracy, control and expression Improvise and compose music Improvise and compose using dimensions of music Listen with attention and detail Listen to detail and recall aurally Appreciate a wide range of live and recorded music Begin to develop an understanding of history Develop an understanding of the history of music, including great musicians and composers Perform with control and expression solo and in ensembles Use and understand basic staff notation		
PE	Scheme followed by Ultimate Soccer School					
PSE	New Beginnings Relationships Feelings and emotions Healthy relationships	New Beginnings Anti-Bullying Relationships Feelings and emotions Healthy relationships	Getting on and Falling out Living in the wider world Rights and responsibilities Taking care of the environment	Getting on and Falling out Living in the wider world Rights and responsibilities Taking care of the environment	Going for Goals Health and well being Growing and changing Keeping safe	Going for Goals Health and well being Growing and changing Keeping safe
RE	In our Church of England Voluntary Aided School we follow the Diocese of York Syllabus. Please see our separate long term planning grid for RE.					

<p>Enterprise Ideas to develop enterprise throughout the year groups over the academic year</p>	<p>Positive can do attitude, resilience, risk-taking, creativity, innovation, self-belief Aim: To be ready to start a business. Links that could be made as appropriate: What are the local economies of the area studied? Why are they here? Why do economies differ by area? What impact will change have on the local economies? What new business enterprise would survive here? Aspire programme Curriculum possibilities: Café – opening up a café for the local community. Rotary club Aspire programme Looking at economies through geography Environmental impact E.g. Potash mine, tourism, foot and mouth Guide to the Esk Valley</p>	
<p>Outdoor Learning</p>	<p>Ongoing throughout the year.</p>	
<p>British Values Ongoing throughout the year for all year groups</p>	<p>Spiritual Development Reflect whenever possible. This may be about religious beliefs, personal beliefs, the beauty of art or natural things etc. This will need building into the curriculum at all opportunities. Develop a sense of enjoyment and fascination about themselves, others and the world about them. Being creative and imaginative in their work. Curriculum opportunities: Embed reflection in all aspects of the curriculum Give reflection time in assemblies Create opportunities for open discussion.</p>	<p>Moral Development Maintaining high profile school rules and behaviour policy. Discussing moral and ethical issues and understanding different viewpoints across the curriculum. Develop through use of relevant stories – discuss dilemmas and explore possibilities. Identifying opportunities when children could have a say. Curriculum opportunities: Identifying stories etc. with issues, dilemmas Make voting etc. a clear part of the curriculum The role of colonisation of other countries</p>
	<p>Social Development Develop links to other communities. Conflict resolution – use of school rules, exploring conflicts through literacy, geography, history. Rule of law Curriculum opportunities: Conflicts through choice of stories Literacy based on different cultures</p>	<p>Cultural Development Strengthen awareness of cultural influences. Cultures within the country. Democratic systems. Participation in artistic, musical, sporting and cultural opportunities. Respect Ideas: Make assemblies more worship and reflection make different</p>
