<p>Governor Pen Portrait:</p> <p>My name is Vicky Grenfell and I am a Foundation Governor at Egton School.</p> <p>I am married to Alistair and we have two children, Bonnie, who started school at Egton in 2014, and Beatrice, who started in 2016. Having each gone through three years in the Infants, both girls are now in the Juniors and continue to be very happy at school.</p> <p>I was born and grew up in Whitby, and attended Ruswarp C of E School, St Hilda's School (Carr Hall and Sneaton Castle) and Whitby School Sixth Form. I then went to Newcastle University, where I gained a 2:1 BSc Hons Degree in Agricultural and Environmental Science.</p> <p>I moved to London after graduating in 1994 and met Alistair a year later. I worked as a Sales and Account Manager at an electronic publishing company and then for various furniture designers and manufacturers. I was very sad to eventually leave my job at Orangebox Ltd, which I loved.</p> <p>Although we lived and worked in London, we have always spent a lot of time visiting friends and family in Whitby and were also married at Sneaton Castle. We still spend a lot of time in London, where Alistair is based, but since he spends most of his weeks abroad, we decided to settle back in Whitby where we have the help and support of my parents, and now live in Briggswath. Bonnie was born in Scarborough Hospital, three weeks after leaving my job, in January 2010.</p> <p>When we were looking for a primary school for Bonnie, we fell in love with Egton School and its whole ethos. Over the years since the girls started school, I have also enjoyed being involved with aspects of school life, such as reading with the infants, joining in with school trips and helping on the FOES committee, and it is an honour and a privilege to also serve as a Governor. I am very proud of our school and all that we achieve.</p>
